The President's Corner

I hope everyone had an enjoyable and safe New Year. I know the weather lately hasn't been too great for fishing, but if you can get out to the wrecks I'm sure you can find a Tautog waiting to be caught. The boat show has been moved to this coming Saturday and Sunday. Come on down and check out all the vendors. Now is the time to get your gear ready for spring fishing. I hope to see all of you at our monthly meeting this Thursday for our Chili cook off and Flea market.

Wishing you fair winds, following seas and tight lines.....

Chris

GBFA FISHING FLEA MARKET

The GBFA Fishing Flea Market is going to be held on the 12th of March. Please take a few minutes to look around as we approach that date for items you'd like to sell. Your Virginia Beach Anglers Club will sponsor two tables this year. Members are welcome to bring items they would like to sell where they will be viewed by everyone at the event. The club takes 10% of the sales price to help offset the table cost and adds any surplus to our coffers. I give everyone their proceeds at the April meeting. If you bring in the items you'd like to sell to either the February or March meetings clearly priced along with a list (numbered to correspond to the numbered price tags on the items) of those same items with the lowest prices you would accept and give them to me, they will be on the table in March!

We will also need volunteers to help man the table(s) and help set up the night before between 5:30 & 6:30.

If you have any questions, please feel free to either call or email me. 757-582-1450 or pmangum@roseandwomble.com

Thanks,
Preston

Mid Atlantic Boat Show

The Mid Atlantic Boat Show has been rescheduled due to weather issues and will be held February 5th and 6th. Volunteers are still both needed and appreciated to fill slots of time at the VBAC table. Please call Russell Willoughby at 757-965-4810 or see him at the meeting to volunteer.

Thank You

2022 VBAC Roulette

2022 VBAC Roulette

Wheel Spin Date: Thursday, March 3rd, 2022

The roulette wheel will be spun at the **March 3rd, 2022** membership meeting. You must declare your entry to the Prize Fish Committee **before** the spin of the wheel.

Roulette Information: To promote competitive fishing, the club devised a way to support fishing without providing an unfair advantage to any anglers. The solution involved a wheel that included a variety of freshwater and saltwater species in Virginia. The species are selected at random by spin of the roulette wheel. It costs \$20 for an angler to participate and each species winner receives an equal share of prize money.

Roulette Rules: Any fish caught from 1/1/2022 – 12/31/2022 can qualify. Only the **heaviest** fish in each category will win. Must have contacted the Prize Fish Committee to enter before the wheel is spun. Participants should provide payment as soon as possible. It is suggested that members mail a \$20 check to the club after registration for the roulette. You are required to submit your entry via the clubs standard Prize Fish form. Prize Fish/Roulette entries can be submitted in hand or by mail to the Virginia Beach Anglers Club Prize Fish Committee. A table of the current leaders will be kept up to date and posted in each newsletter.

For any questions or concerns regarding the Roulette or Prize Fish contest, please contact the Prize Fish Committee Chairperson (Ike Eisenhower).

Salt Water News

Trout in the ER 1/13/22

Fished today on my V14 Tracker with Ned Smith in the Elizabeth River and what a fabulous catching day it was!! Launched out of Great Bridge Locks with the water temp 41 degrees, air temp was 37 degrees but no wind. Started fishing near the Veterans Bridge and I caught a 17.5 inch speck on first cast. From that point on Ned and I began catching 20 specks: 17 inch to 24.25 inch one after the other, sometimes 2 at a time. That monster fish is the one posted here. That is Ned's release state citation fish.

We only moved when the outgoing tide slowed. Fishing the Deep Creek produced 5 fish and one throwback, the only one for the whole trip. We later moved back to our starting place and caught 5 more. My biggest was 21.5 inches (the photo). All over 20 inch fish were released (5 Ned's, 4 mine). I kept 4 fish 18-19 inch. Most caught on Heavy MirrOdenes 18MR electric chicken & 808 colors.

30 keeper specks with one throwback and one state citation was a wonderful catching day despite the early cold..

**Blessings,
Dr. James W. Ike Eisenhower**

Salt Water News

A Red Day 1/25/22

Ned and I went fishing in my boat in the Elizabeth River again hoping that despite 41 degree water temp the specks would still be biting. Launched out of Great Bridge Locks about 10am as the wind temp was about 40 degrees and predicted to be up to 50. Started in our recent favorite place and we hooked up almost immediately to a 17 incher then a 23 speck. All speckled trout were released. But the bite was slow so we moved around a bit picking up one fish here and there. We stayed in the main river and fished in deep. At one point we found a red, nice fat one at 21 inch. When we relocated down river we found two shore anglers catching one after another. We weren't sure what bait they were using except it was artificial. Then we caught 3 reds one after another but only a couple of specks. In total 4 reds, two 23 inch and two 21 inch. 7 specks from 17-23.25 inches. Not bad for cold water fishing. Beautiful day, not many on the river. I kept the reds for dinners.

Blessings,

Dr. James W. Ike Eisenhower

Surf Fishing News

Hatteras Smorgasbord; Sharks and Dinner!

While everyone was still reminiscing on their 2021, I was up early to get a head start on 2022. Headed down to Hatteras this morning to chase down the good shark bite. It was a bit breezy with a strong Southwest wind. The wind makes it difficult to get good video and pictures. I got into some sandbars, sand tigers and dog sharks. I also caught bluefish, Roundhead and puffers. As always, I released my first 12.5" Roundhead for good luck for the season.

I started the day south of the point looking for a few roundhead or puffers. Recent reports were good for that area. The southwest wind was howling so bad that I could barely fish the surf. Lines weren't moving bad, but the shallow and rough water made it difficult to fish. I later moved north of the point, heading back to one of my hotspots from just a week earlier. Ramp 43 and 44 had some sharks and fish. Due to low tide, it was impossible to reach over the bar. I quickly moved further north to ramp 38 to fish some of the deeper holes there. Ramp 38 still has quite a few deep holes and the beach wasn't busy so I was able to find a spot. The bite was slow but constant with catches of roundhead, puffers, and sharks through the course of 4 hours. I was glad to get into the fish I did.

Of the sharks I caught, the sand tigers were largest. I caught a new personal best that measured 109". The other was 96". It is pretty dangerous to handle many of these sharks on my own, but I use extensive experience from my life of fishing to do this as safely as possible for both myself and the sharks. Looking forward to more opportunities to catch some additional sea monsters this year.

Just 24 hours later, the island was hit by a Northeaster' that produced sustained winds in the 70s and gusts over 90 miles per hour. It was a surprise for many people and the island was cutoff from the mainland for 3 days. Repair work continues on the island as this winters storms have been one after the next.

Fresh Water News

1/13/2022

Went to Beaverdam with Phil Brewer in early January. Water was cold, air was cold. I wore ski bibs to survive. It was late in the afternoon when one of my rods got a hit. It turned out to be a big butt largemouth bass. Gave me a good fight and we put it in the livewell to release later. Estimated to be 5.5 lbs. Got to ranger station to get weighed and was told they no longer have scales. Measured at 21 inches and released. It was the only fish caught that day on the reservoir. Melanie
