# The President's Corner

First, I would like to wish you all a very happy and blessed New Year. Let's all hope this year is even better than last year. While the weather is nice there are still plenty of fish to be caught. Lots of seabass and trout are around. If the water cools off the Tautog should really make a showing. The boat show is at the end of the month, hope to see you all there and at our monthly meeting on the 6th.

Wishing you fair winds, following sea and tight lines.....

Chris

## Upcoming Events

### **Monthly Meeting:**

**When: Thursday January 6, 2022 7:30 PM**

**Where: Foundry United Methodist Church**

**Speaker: Kevin M. Carroll, Senior Construction Project  
Manager for Offshore Wind Project Construction**

**Subject: Offshore Wind Project.**

**Please feel free to bring a guest to this informative  
presentation.**

**After-meeting snacks and beverages will be offered at the  
end of the meeting.**

## **This Month's Quote**

**And now we welcome the new year. Full of things that  
have never been.**

**[Rainer Maria Rilke](#)**

## VBAC Fishing Roulette 2021 Leaders

<u>Species</u>	<u>Current Leader</u>	<u>Weight</u>
Speckled Trout	David 'Zac' Thomas	5lb. 11oz.
Black Sea Bass	Kelly Hoggard	3lb. 5oz.
Roundhead	Kelly Hoggard	2lb.
Blue Catfish	Jerry Hughes	17 lb.
Largemouth Bass	Russell Willoughby	3lb. 11oz.

# GBFA FISHING FLEA MARKET

The GBFA Fishing Flea Market is going to be held on the 12<sup>th</sup> of March. Please take a few minutes to look around as we approach that date for items you'd like to sell. Your Virginia Beach Anglers Club will sponsor two tables this year. Members are welcome to bring items they would like to sell where they will be viewed by everyone at the event. The club takes 10% of the sales price to help offset the table cost and adds any surplus to our coffers. I give everyone their proceeds at the April meeting. If you bring in the items you'd like to sell to either the February or March meetings clearly priced along with a list (numbered to correspond to the numbered price tags on the items) of those same items with the lowest prices you would accept and give them to me, they will be on the table in March!

We will also need volunteers to help man the table(s) and help set up the night before between 5:30 & 6:30.

If you have any questions, please feel free to either call or email me. 757-582-1450 or [pmangum@roseandwomble.com](mailto:pmangum@roseandwomble.com)

Thanks,  
Preston

# Mid Atlantic Boat Show

**The 2022 Mid Atlantic boat show is now scheduled to be Jan 28, 29, 30. Virginia Beach Pavilion. Hours each day 10am to 8pm.**

**The VBAC will have a booth at the show. We still need a few volunteers to man the club's event.**

**If you are interested in manning this event, please contact VBAC Boat Show Club chairperson Russell Willoughby at 757 818 0058.**

**We will also have a sign up for this event at the January 6th club meeting.**

**This event qualifies as a member's yearly volunteer service obligation.**

# Our Christmas Party

The Virginia Beach Anglers Club annual Christmas party was held on Thursday, December 2, 2021 at Foundry Methodist Church. The dinner was a potluck affair with members bringing hot dishes and desserts for all in attendance. We asked members to bring an unwrapped toy for the USMC Toys For Tots program and to bring canned goods for our host church food program. Members responded wonderfully, filling two tables with donations. The Yeti Cooler was raffled off and won by our very own Jerry Mariano. Numerous Pointe Settas and Christmas cheer items were also raffled. The 2022 VBAC Calendar was distributed to all members present. The only business conducted was our annual election. The results were: President - Chris Schneider, 1st Vice President - Mark Lozier, Treasurer - Mike Anderson, Recording secretary - Russell Wiloughby, Corresponding Secretary - Bob Stuhlman, and three Board members for a three year term - Jerry Mariano, Preston Mangum and Lou Corigliano.

The attached pictures were provided by Patty Serby.

TO: Virginia Beach Angler's Club  
Newsletter—January—2022

From: New member:  
Gary McIntyre [gary.mcintyre@cox.net](mailto:gary.mcintyre@cox.net)

Members: You may remember me from the Dec. 2021  
Membership meeting.

I came by myself. No food in hand. Unaware that....IT  
WAS YOUR CHRISTMAS PARTY and ELECTIONS.

You fed me anyway, and I'm grateful. There are  
SOME VERY GOOD COOKS AMONGST YOU!

I'm the one who spoke at the end. About joining  
Because of my Grandson. He caught the 22" Puppy Drum  
From Mary Bradley and Robert Oliver's dock.

Many of you commented afterward with feelings of  
welcome and support through upcoming activities, that would  
include my Grandson, Lucas McIntyre-age-10. We both look  
forward to those events, and any ways that we can contribute to the  
Virginia Beach Angler's Club.

Thank you for the warm welcome to your  
membership.

# Menhaden at Risk

Contributed by Jerry Hughes

**Tim Anderson's Menhaden article. Tim assumes office as our 83<sup>rd</sup> District Representative on January 12, 2022.**

**Things need to change in the Chesapeake Bay. The over-harvesting of menhaden fish is something I am going to be championing this year. We have an environmental ticking time bomb in the Chesapeake Bay and the predator ecosystem is about to collapse. This is a man made problem — the oldest one —. corporate greed and executive government inaction, especially over the past 8 years.**

**Virginia is the only state to allow reduction fishing on the East Coast - this type of fishing has resulted in the now imminent collapse of the menhaden fish population in the Bay. Reduction Fishing Is The Process Of Catching Huge Quantities Of Fish And Grinding Them Up For Fish Meal And Oil. The results of this over-harvesting are devastating and are leading to the rapid decline of predator fish like striped bass, bluefish and weakfish that depend on menhaden for food. Sharks, whales and birds, and yes, even sea turtles, also rely on the menhaden. The menhaden has often been called the most important fish in the sea as it is a critical link in the food chain of everything above it and feeds by straining plankton.**

**Why are menhaden harvested? To grind them up to sell for fish meal and oil at \$.08/pound. Cheap proteins are very important as the world population grows. These oils are used in everything from vitamin supplements, to pet food and many other products. The proteins can be reproduced in other ways like flaxseed and algae. Instead, we are destroying the ecosystem of the Bay for corporate profits because it's cheaper to suck 1000 menhaden up in a vacuum and immediately grind them up in a few minutes then it is to grow flaxseed. A few companies, who are very powerful, are right in the middle of this.**

**I am going to stand up and use my voice to propose common sense policies to protect this fish - which is the foundation of the entire ecosystem in the Chesapeake Bay. This fish may not look like much, you likely have never heard of the menhaden fish.. but our grandchildren and future waterman should be able to enjoy the fruits of the Chesapeake Bay as we have until this point but will soon not. We protect our future by creating sustainable menhaden harvesting policies.**

**The menhaden fish should be harvested - they serve a purpose to mankind- just not using reduction fishing in the bay. We have to reduce harvesting in the Bay to sustainable levels. What is happening now will end in environmental disaster in my lifetime.**

**I intend to make very few friends in Richmond doing this - I will likely pay a huge political price for this post alone and will make some very powerful enemies before I even take office, but something about me you probably know, I thrive in confrontation.**

**Bottom line, it's the right thing and I have to use my loudest voice to do what needs to be done. This is not the most exciting thing to talk about - but it is one of the most important environmental issues we face in Virginia. We must get this right and we must do it now.**

**More to come.**

**If you don't know what a menhaden fish is - you need to.**

# Striped Bass Tagging

As a brief historical note: Since 1988 Federal fisheries agencies including the USFWS, ASMFC, NMFS, state fisheries agencies including MD, VA, and NC, and universities, have partnered to tag the mixed coastal migratory Atlantic striped bass stock on their wintering grounds off the coasts of S.E. Virginia and N.E. North Carolina. This is a required part of the ASMFC Amendment 6 to the Atlantic Striped Bass Interstate FMP, and part of a coastwide striped bass tagging program coordinated by the U.S. Fish and Wildlife Service and participating state partners. In years past the tagging was conducted aboard a NOAA research vessel (such as the Oregon II) using trawl gear. However, in recent years funding sources have been more difficult to locate. In an effort to continue the long-term tagging data series without missing a year, the coordinating partners decided to secure recreational charter boats to collect and tag striped bass using hook and line. We have secured funding for using hook and line to accomplish the annual tagging, and there will not be a trawling portion of the tagging this year.

**Initial dates for the 2022 H&L tagging trips are: January 5- January 28. We are aiming to go on 10-13 trips within this timeframe (or longer if needed).** We will take trips as weather permits until we reach our target. So inevitably dates will vary depending on weather and/or fish cooperation. Each year several trips are cancelled due to weather, and it has been common for dates to extend into February, so don't be shy about signing up for later dates if you are unavailable in early January. We are beginning fishing out of Ocean City, MD. The boat will be docked at Sunset Marina, Ocean City, MD. Currently we have a group rate at the Comfort Suites (\$59 Sun-Th, \$69 Fri/Sa), 12718 Ocean Gateway, Ocean City, MD 21842, 410-213-7171. To get the group rate you need to mention "Fish and Wildlife." There are a few other hotels near the marina, and better rates may potentially be had on third party sites.

**This email serves as the initial call for scientific crew members and anglers. Please email me your available dates that you would like to participate. Please include a cell number where you can receive texts about trip cancellations.** Also, please forward this to your staff or colleagues that may be interested. We have some critical staff that need to go on each trip, so depending on the response, we may not be able to accommodate every request. However, we would like to get as much participation from as many different partners as possible. Volunteer anglers (non-government employees) are also welcome.

## **Day of Fishing Info:**

**Arrive time:** Get to the marina by 6:45 am at the latest. The boat pulls away from the dock at 7:00 am. The Boat is the Midnight Sun and is docked at Sunset Marina (slip # TBD; 12911 Sunset Ave, Ocean City, MD 21842)

**Food and drink:** Bring your own food and drink for the day. It is a long day. If we get into the fish we often get back to the marina just before dark. Please bring your own water, etc to drink.... There is a large cooler on the boat where we can stick quite a few items. You are welcome to bring a small lunch cooler if you'd like.

Continued next page

# Striped Bass Tagging Continued

**Gear:** Obviously it is likely to be cold so dress appropriately. We still go if its raining as well. The deck gets quite wet, so wear appropriate footwear. Tennis shoes will not cut it. We'll have some gloves that we can provide for folks BUT if you have appropriate gloves feel free to bring them. Gloves are likely the only gear we can provide.

## **PFDs:**

- o State/federal agency employees: Refer to your specific agency guidelines, The captain has all the coast guard required safety gear and life jackets, but feel free to bring a PFD if you choose or if your agency requires it.
- o Volunteer anglers: No need to bring any PFDs unless you have a personal one you plan on wearing.

## **PICTURES OF SAMPLING AND SOCIAL MEDIA:**

As most of you probably know, it is illegal to even practice targeted catch-and-release fishing for striped bass in the EEZ, much less harvest striped bass in the EEZ. The Coast Guard and other Federal law enforcement groups spend quite a bit of time and money enforcing this regulation. For the past several years the large schools of striped bass have been from 15-25 miles offshore (which is in the EEZ). A few years ago a picture of a party member holding a large striped bass was posted to someone's social media page. The picture went viral throughout the fishing community and generated a ton of interest from private boat anglers, many of whom could not resist going out there to try and catch some big fish. Needless to say we do not want to encourage this behavior. **Therefore, as a condition of allowing us to conduct this research in the EEZ, NO ONE is to post pictures or videos of us catching fish to any social media sites. Also, do not email or share any pictures or video to someone that may post it to social media.** You are more than welcome to take a few pictures, just don't let them get to the internet. We have not had this happen since that one incident and we need to keep it that way.

**Trip cancellations:** We can't go if the wind is much over 18-20 knots. The Captain and I look at the weather forecast every day and make every effort to make the decision about a cancellation at least the evening/night before a trip. However, it is fishing, and there is always the possibility the weather will change overnight and we all get to the dock only to find out we can't go. So please check your emails and texts continually as I send out daily updates each afternoon. If you don't have an easy way to check your email, please let me know. Sometimes the call for a fishing trip cannot get made until we get back to the dock because of cell service issues offshore.

**Space:** This a big boat, about 50 ft, but with all the gear/equipment we need is a lot. Please pack as efficiently as possible, especially agency staff with float coats and life jackets.

## Ocracoke Surf Fishing Tournament

### Registration Form

**2022**

Those returning for the 2022 Ocracoke Surf Fishing Team A are Doug Wehner and Russell Willoughby and for Team B are Kelly Hoggard and Patty Searby. We will be drawing 8 names (4 for each team) to fill the teams out. Anyone interested in joining them for this year's team must fill out a registration form, must have their 2022 dues paid by the February 3, 2022 meeting and must have participated in at least one activity in support of the Club in 2021 (new members excluded from this requirement). There will be forms at the meeting and the drawing will be that night. The \$60.00 tournament fee will be due at the March 3, 2022 meeting and the balance of the lodging will be due at the April 7, 2022 meeting. You can turn in your form at the meeting or mail it to:

Virginia Beach Anglers Club

Attn: Kelly Hoggard

P. O. Box 8602

Virginia Beach, VA 23450

(If mailed it must be received prior to the meeting)

Good luck on being drawn for a place on the team!

The tournaments are a lot of fun and well worth the time and expense to participate.

# Salt Water News

**Fished with [Russell Willoughby](#) in the Elizabeth River in my boat, a Superglide V14 Bass Tracker with a new Mercury 4-stroke on it. 49-50 degree water on an outgoing tide we found about 15 specks while trolling with Salt Assassin Fire Tigers. 7 were keepers 17"-20", I released this 20 incher pictured. This was the best catch I have had in a month. Thanks Russell for helping me out with the trailer and gas issue.**

Blessings,

# Fresh Water News

Alan and I have been busy fishing and enjoying the NICE December weather. What a treat! Alan still has a horseshoe up his butt when it comes to the bigger fish. We have been fishing my boat on the Piankatank river during December.

On December 2, Alan got a blue catfish that may win the roulette. It was 32.12 lbs and 40 inches long. On December 13, we were messing with the long nose gars and I got one that was heavy enough to be a club record. 30 minutes later, Alan got a gar that was 7 inches longer. Darn!

For the last week of December, I took my boat out alone for a few days. There were several boats across the river from my ramp. Did not know what they were fishing for, but decided to join in. Only had cut bait. Anchored and put baits out and got a really nice speckled trout. Then the tide died and the bite died. Went back the next day and got two nice specks. Called Alan and he went with me on Thursday. I got lucky and picked a good spot to anchor. I got three specks and Alan got two. Finally got one bigger than him. When the tide died, we moved to another area for gars. Two boats jumped on the area where I had been anchored. What a day! Melanie

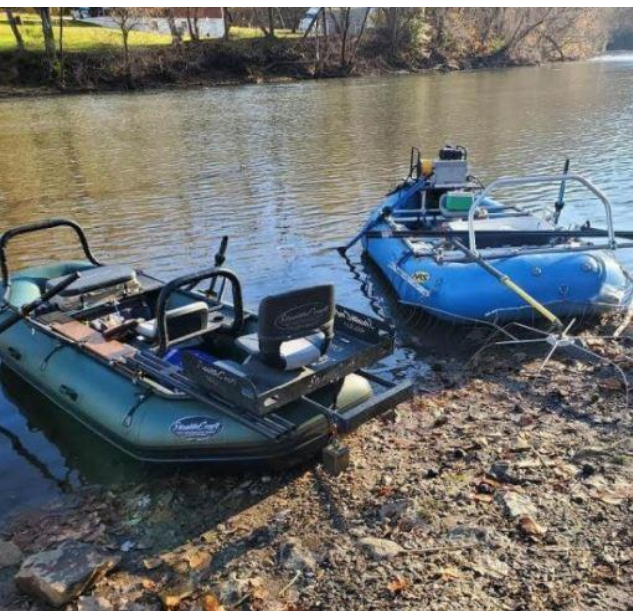

# Fresh Water News

## A Day Spent Sampling Trout on the Smith River

DWR volunteer Al Kittredge spent a day on the water sampling trout populations and blogged about the activities with some great photos and a nice look behind the scenes of fish population sampling.

## OUR ADVERTISERS

**Coastal Breeze Car Wash**  
**4981 Virginia Beach Blvd**  
**Virginia Beach, VA 23462**

**Mon-Sat 8am-7pm**

**Sun 9am-7pm**

**\*Hours may vary based on weather conditions 757-499-4469**

A Great New Car Wash is Here! Fast...Clean...Easy **Free**  
**Vacuums Always!**

### FAST

Coastal Breeze Car Wash is uniquely fast and precise. We offer a three stage process that cleans, protects, and shines your car in under 8 minutes from the moment you pass through the gates. After you are done, go and visit one of our 20 FREE High Powered Vacuum stations to give your interior the cleaning it deserves.

### CLEAN

We partnered with world class chemist from industry leading brands like Simoniz and Rain-X to be at the forefront of car wash technology. Each stage of the car wash process is meticulously tuned and chosen to provide you with a clean and shiny exterior we all can be proud of.

#### Stage 1

Your car goes through the cleaning process to remove dirt and debris.

#### Stage 2

High quality waxes are applied to your vehicle to provide a showroom quality shine.

#### Stage 3

We seal and protect the paint with our carefully curated protectants.

### EASY

At Coastal Breeze we take pride in making the customer experience simple and easy. Everything is done in three easy steps.

#### Step 1

Pay using our easy to use kiosk, or skip paying and save money by using a Fast Pass "Breeze thru" plan.

#### Step 2

Our state of the art equipment will guide you through the three stage cleaning and drying processes.

#### Step 3

Visit our free high powered vacuums to finish the process, and enjoy the rest of your day!

The Fast... Clean... **Easy...**

# VBAC MISSION STATEMENT

The purpose of the VBAC is to encourage sport fishing, both freshwater and saltwater, while supporting prudent governmental and other policies that promote the preservation, conservation and ecology of all marine life.

## Our Objectives:

- ❖ Monitor legislative and regulatory activities relating to management of local and regional fisheries and participating actively, where appropriate, to assure the adoption of sound management policy and practices that best serve the interests of VBAC members.
- ❖ Promote interest and participation in recreational angling by conducting programs and activities that encourage sport fishing.
- ❖ Educate members and others in the techniques of sport fishing to enhance their enjoyment of the sport.
- ❖ Conduct social activities that create a wholesome climate for deriving the maximum pleasure from sport fishing by members, their families and guests.
- ❖ Plan and conduct fund raising activities to provide the revenues needed to support these objectives.

## 2022 VBAC Elected Officials

### Officers:

President: Chris Schneider

First Vice President: Mark Lozier
